Democratic Leader Here Just to Rest

George Luckey Waves Aside All Questions Of Political Nature

A Village visitor over the weekend and honored guest of Western Week as leader of the parade was Senator E. George Luckey, mentioned frequently by Democratic leaders as nominee for governor at the next election.

Accompanied by friends, the Brawley rancher stayed at the Pueblo relaxing and "soaking up Palm Springs sunshine."

When asked, during the course of the parade, about the possibility of his running for the chief executive position of the state the senator smiled and waved his hat but kept mum on intentions.

LATER ON in an interview with The Desert Sun reporter he told stories, discussed his blooded horse stock (said to be one of the finest in the state), and mentioned nearly every subject but politics.

Closest approach to anything political was his mention of the proposed tramway, a subject in which he is well-versed. One of the opponents to the project originally, he is now one of its ardent enthusiasts and told of many "findings in 'where the flies fly' during start of construction of the giant sand-to-snow lift.

LUCKY, WHO IS well-known to many Villagers and Village riding groups, is a member of Rancho Vaqueros and takes great pride in his riding reputation. He was greatly amused at the apprehension of parade handlers when they discovered he was to wear spurs on his mount, "a fiery animal," and arrangements had already been made for a girl to accompany him in the parade "to catch his horse after it had thrown the senator." Springing into the saddle he had quickly and adequately demonstrated his riding ability.

When members of the Luckey party were asked about the senator's intentions they replied "We hoped he would run for governor," all indicating he had no positive statement as yet.

Trailer Damaged By Fire Saturday

A fire in the trailer house of Harry M. Place, Smoke Tree Trailer camp, Saturday morning sent the department members out to squelch flames said to have originated by a cigarette.

THAT WAS a great parade Sunday . . . It set a record . . . A Villager who has a unique method of measuring parades, said this one was six beers long . . . Best previous record, he said found him only half way down the sixth when the parade ended . . . Some time if they have a real super duper parade, he won't be able to score the success . . . Fischer went down, out of the play . . . When he got up he pointed a finger at the dog: "Dog-gone you! If I didn't own you now—" . . . Mayor Farrell, however, said the dog's block was illegal . . . California Really Is Some State—

Senator Downey, Resting Here, Reveals Great Part State Plays in Congress

Leaving Palm Springs Sunday evening as announcements were going out to newspapers and over the air that he would be a candidate to succeed himself, Senator Sheridan Downey and Mrs. Downey were heading for Los Angeles for the forthcoming re-election drive.

The senator spent a week here at the Desert Inn in restful recuperation between two "rough" sessions—one, the recently adjourned session of congress and the other, the coming campaign for nomination and re-election as U. S. senator from California.

SPEAKING OF THE LONG sessions at Washington, the senator said that most of the legislative bodies were pronounced by their physicians as having "battle fatigue" as a result of the work handled.

"It was seldom that we worked less than 12 or 15 hours per day in pushing through all the bills that faced us at the last session," he said.

"And it was noticeable that at least 50 of the bills—all requiring a great deal of work in passage—were for California.

The allocation was made under a new system of accounting adopted this year. Next April's allotment to the city will include earnings from September, 1949 to February 28, 1950.

The Palm Springs allotment was second highest in the county, Riverside city receiving \$15,864.70 as its share of the state allocation. In all, \$79,604.43 went to Riverside county and cities, \$24,340.34 going to the county for liquor license fees.

India, with an allocation of \$6,347.50, was third in the county in liquor licenses and Blythe fourth, with \$4,677.50.

Driest city of the county was Perris, which collected \$1,107.50 for the eight-month period.

Mrs. Bering Shaken Up Auto Crash

An auto accident Sunday afternoon involving Palm Springs Restaurant Owner Lee Bering and Walter Charles Jones of Alhambra sent both cars to the auto shop and caused several bruises and bumps to Mrs. Bering, passenger in her husband's car.

Arriving at the corner of Baristo and Cahillia at the same time, the '48 Olds convertible of Helen Gahagan Douglas, Senator Downey remarked that Mrs. Douglas was "a very pretty and charming woman."

HE CITED his 12 years in public office and announced his campaign for re-election in which he will be opposed on the Democratic ticket for nomination by Helen Gahagan Douglas, Senator Downey.

Youngsters of Palm Springs rallied at two parties last night, the annual Hallowe'en celebration sponsored by Lions Club members.

At Palm Springs high, boys gathered in an athletic program at the gymnasium with events of all sorts under direction of Coach C. E. Ballagh and Les Jackson, Youth Center director.

At the Village theatre, girls gathered as guests of the management to see a fine picture.

Refreshments were served both groups.

They're Almost Ready to Sit On Says City Manager

Street benches, announced some time ago by City Manager Russell Rink as nearly ready for Village streets, were said yesterday.

Don't Fence Me In, Theme Song of Pussy

Mrs. Eleanor Larrabee made a serious error in tactics this week when she put her thoroughly Siamese cat in a box to take to Dr. O. B. McRory while she was in town for a sojourn for a few days. The cat clawed his way out of the box, jumped out of the car and was off, followed by Mrs. Larrabee's dog.

Mrs. L. all dressed up for the big city complete with hat, veil and high heels, was off after the cat and the dog.

After a good deal of skin mashing around in the sand, she retrieved her pets.

Pasadenan Reports Loss to Car Thief

James C. Cairns, Pasadena and La Quinta, reported to police Saturday night that his car, a 1946 Cadillac, parked near Indian avenue and Tahquitz, had been broken into and several articles of clothing, all on hangers, had been taken.

Overlooked or left deliberately were suitcases and bags on the seat and floor of the car also containing other wearing apparel.

Loss of the garments taken was valued by Cairns at \$275.

Palm Springs To Host State Jaycee Board

500 Delegates to Spend Weekend In Sessions Here

Palm Springs Junior Chamber of Commerce is concluding last-minute plans to host approximately 500 members of the state board of directors of the organization this weekend.

Convention Chairman Bob Bennett announced a new system of handling the delegates in the form of entertainment: Friday night there will be staged a "Night on the Town," nothing scheduled for the delegates but just good fun at any cafe, restaurant, cocktail lounge or entertainment of the delegates' own choice by the use of script already arranged for with the various restaurateurs and operators.

"It was seldom that we worked less than 12 or 15 hours per day in pushing through all the bills that faced us at the last session," he said.

"And it was noticeable that at least 50 of the bills—all requiring a great deal of work in passage—were for California.

THE SENATOR pointed out that these facts all lead to a great deal of legislation nationally thereby keeping California house and senate members "on the ball" constantly. In addition, he said, the war left California cities with a great many problems not found in other states in that without exception the metropolitan centers on the west coast have all taken a terrific jump in population due to former eastern GIs and defense workers who liked the state so well a great many have returned to make it their permanent home.

Regarding his coming campaign for re-election in which he will be opposed on the Democratic ticket for nomination by Helen Gahagan Douglas, Senator Downey remarked that Mrs. Douglas was "a very pretty and charming woman."

Artists Mark Art Week at Plaza Show

Alberta Babcock was notified this week that she has been named chairman of the Palm Springs district in the observance of National Art Week which starts today.

Local artists are urged to display their paintings in local store windows and there will be the usual open air art exhibit in the Plaza as last year.

Saturday there will be Indian dances and an auction of the paintings. One thousand persons attended the event last year and another big throng is anticipated this year.

Featured in the open-air art show in the Plaza are a group of serigraphs, silk screen prints, through the courtesy of the National Serigraph Society in New York. The exhibition of colorful, original, signed prints has been arranged by Jim Brown, of Desert Magazine Press.

The trip is conducted by Jimmy Shea, former Southern Pacific downtown passenger agent here, still a Village booster despite the fact he is now a member of the San Diego chamber. The group continues onward today to the irrigation installations in the Coachella valley and other points of interest.

Further information from Mr. Wilson elicited his intention of rewarding Tony with a neat sum for his efforts—one-half of the amount in the wallet, or \$34.

(Editorial note: Nice goin' Tony, and nice goin' Mr. Wilson.)

Berger Ordered Held for Trial

John Berger, free lance caddy, taken to Riverside last week after appearing before Judge Eugene A. Therieu on charge of tilt-tapping at the Desert Drug was set for preliminary hearing November 4 with bail at \$1000.

To appear Friday morning at 10 o'clock he will be charged in the Riverside court by Assistant District Attorney Ray T. Sullivan Jr. on the complaint of J. L. Bolger of the DA's office.

There were 550 entries from all over the southland and the show was witnessed by a great throng of dog fanciers.

Overlooked or left deliberately were suitcases and bags on the seat and floor of the car also containing other wearing apparel.

Loss of the garments taken was valued by Cairns at \$275.

Call was officially noted "False alarm."

Long Search Fails To Reveal Flames

A call to the fire department Saturday morning sent the trucks out to the vicinity of Araby point to check what was thought by the woman, reporting the incident, to be a complete conflagration. Area was searched for the better part of a half hour by the smoke-eaters without discovering anything resembling a smoke, much less the holocaust expected.

Call was officially noted "False alarm."

FORESTRY OFFICIALS
HIKE OVER TRAM ROUTE

A group of U. S. Forestry Service officials have completed a tour of the proposed San Jacinto mountain tramway route. The men rode to Long Valley on horseback and hiked down the steep escarpment to the desert along Chino Canyon.

Making the trip were Norman Farrell, supervisor of the San Bernardino National Forest; Cyril Robinson, Walter Puhn and Don Bauer, district ranger at Idyllwild. The descent to the desert required five and a half hours of climbing and sliding. The distance covered was approximately three miles.

Because a certain portion of the tramway would cross national forest land, the group sought to inspect the terrain and nature of the right-of-way. Aerial photos

have been made by the Forestry Service of the area, but this is the first time a foot party has made such a survey down Chino Canyon.

Between six and ten inches of snow remains on the ground above 8500 feet, Bauer said. He recommends that any hiking parties planning to make the trip contact the ranger station at Idyllwild for information. Ice on some of the rocky ledges was found to make the descent hazardous. Hikers are urged to go in groups rather than singly.

Sample Ballots And Arguments Reach Villagers

Palm Springs' 3242 voters last weekend received their share of three tons of sample ballots and literature on the November 8 special election, mailed out by County Clerk G. A. Pequignat's office earlier in the week.

The mailing cost the county \$887 in postage.

The Desert Sun office has again been designated as election return center for Palm Springs and Cathedral City. Deputy County Clerk Walter McClasky, in charge of elections, said an election high count would be kept only on Propositions 1, school bonds; 2, aged and blind aid; 3, legislative pay and 12, daylight time.

These four are the top ones of interest to voters, he said.

Food Handlers' Course Friday

Dr. O. B. McRory, city health inspector, again reminded Village restaurant owners and their staffs, of the food handlers course to be conducted for three days in the Village starting next Friday.

The course will be given on three successive weeks with Lloyd Irons, chief county sanitarian, in charge.

Lessons will be presented from 2:30 to 4 p.m. each afternoon and from 8:30 to 10 each evening. Afternoon and evening lessons are the same.

Employers and employees were urged to attend each one of the afternoon or evening courses and thus qualify for a food handlers certificate.

Work of Noted Cowboy Artist At 1000 Palms

One of the best known cowboy artists in the United States is showing his pictures at Old Fort Oliver at Thousand Palms, seven and one-half miles east on Ramon Road. Olaf Wiegert's paintings will be exhibited for a month starting today.

His subject will be "Nothing Is Too Good to Be True."

Dr. Fendrich conducted classes at the Palm Springs Women's club last season which were so enjoyed by many that he plans to speak here every Monday evening during the current season.

He has purchased a home here and plans to gain fuller enjoyment of the Village and surrounding desert.

Eagle Officials Confer in City

Village visitors yesterday with Ray Lusby and Bill Goodridge Jr. conferring on plans for formation of a Fraternal Order of Eagles aerie here were M. L. Brown, national managing organizer; William J. Fitzgerald, California state director; and E. H. Ensminger, deputy state organizer.

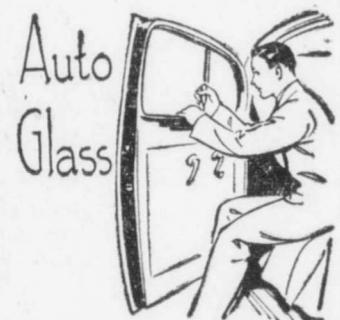

The men were on their way to the El Centro conference of aeries in this district, numbering 32. With Ensminger's plans for formation of an aerie here the latter part of the month, Brown felt the Village was a good place for an aerie of the organization.

"Palm Springs should be a perfect place for a fraternal and public service organization such as ours," he said.

Village Singers In U. R. Chorus

The visitors defeated the Indians 19 to 7 after the two teams had battled for more than three-quarters to a standstill.

FUMBLES bothered the Indians Friday night and six times they gave the ball away to Perris, a handicap they couldn't overcome.

The Indians again played without the services of Eddie Weiss, injured in the Banning game and

in the second period, Perris came back with Hernandez going over from the four to score the teepee and then converting to make it 7-7.

IN THE DEADLOCK prevailed throughout the third period and into the fourth. Then Perris, stymied on the ground, took to the air and in the last few moments of the game, passed to touchdowns twice.

Both passes, which won for Perris, were from 20 yards out.

Creating Local Prosperity

There is enough money being spent by the people of Palm Springs to make all the merchants prosperous, provide more jobs, increase income from taxes for use in city improvements and support all local institutions amply. The only trouble is that too large a percentage is spent elsewhere. If our people would give this matter a little thought, the situation might be materially changed. It is certainly deserving of serious consideration.

In the first place, it seems that a lot of people are not aware of the variety of merchandise that is now available right here at prices that are competitive with those obtainable anywhere. A great many of our stores give positive proof that they are selling as reasonable as anywhere else, quality considered of course.

Aside from the price consideration there are a lot of benefits which shoppers receive when buying locally. Convenience and the saving of time and money can mean a great deal. Transportation costs are often overlooked when arriving at the cost of purchases made elsewhere. It must be remembered also that only by sufficient patronage can local stores be maintained and stocks kept up for your convenience when something is needed quickly.

There is also the matter of service. Most merchants stand back of the prod-

ucts they sell; in many cases such as appliances there is the matter of maintenance. There is a very definite advantage of buying from local firms in these cases. Even when purchased at a discount elsewhere, the cost can be much more in the long run with the cost of correcting unsatisfactory performance.

In addition to these direct benefits every single purchase made here—large or small—benefits the buyer indirectly. It may be the job of some member of the family that is maintained only through the prosperity of the firm by whom he—or she—is employed. There are dozens of indirect benefits that are derived from keeping your money right here in the community.

A prosperous community makes life more pleasant for everyone. And it is interesting to know that no matter what economic conditions might be generally there is still an opportunity to make Palm Springs prosperous. It is up to each individual—all must join in the movement to make it effective.

Remember this the next time you have something to buy—Give the matter a little serious thought and you'll likely agree that you are helping yourself, your friends and your community in general when you do your shopping with your local merchants.

chairman, they should make their proposal and give their reasons.

The Tarwater appointment is another question. The law makes it Gilmore's responsibility to name planning commissioners; he should be entitled to exercise this responsibility without having the threat of removal held over his head.

Cooperation is Needed

The sign ordinance that was passed by the council to keep the natural beauty of Palm Springs from being marred by large, unattractive signs is one of those laws which it is impossible to keep from working a hardship on someone. There must always be certain exceptions in individual cases.

The council recognized this and set up a Sign Variance board. It is an administrative body with power to act. It passes on all applications for variances of the sign ordinance. The chairman is Herbert Burns and the other members are Stanley Rosin, Merrill Crocket, Reed Hubbell and Arch Noble. They are contributing their time in this effort to keep the city beautiful—and still recognize hardship cases. It is a difficult task and their services should be appreciated.

A few firms have made it difficult by putting up signs that are in violation of the city ordinance—and thus compelling the city to take legal action against them. Such defiance causes unpleasantness all the way around and is unfortunate. Several citations will be issued soon, we are informed.

This ordinance has been one of the most controversial on the city's books. It is difficult to tell a business man the size and location of a sign he is permitted to erect. Yet it should be recognized by everyone that there is no other way to prevent the ruination of this attractive community with unsightly signs. These board members who are trying to administer this difficult ordinance fairly and carry out the intentions of the city council are deserving of the community's gratitude and the merchants' cooperation.

fun at the results I achieve when tapping the keys of this typewriter and looking elsewhere. . . And with the "I" and the "U" cheeks to jowl in the top row and sometimes exchanging places with each other unbeknownst to me, some funny combinations are produced. . . Like, for instance, I have people "singing in Palm Springs" or I write of the "Desert Sin" . . . Once I intended to say somebody was summering here and it came out summering and an inspired proof reader let it go. . . Anyway, what that is all about is that I am not alone. . . I, at least, never make a mistake when I want to write "Phat." Got a card from Gus Kettmann, police chief, urging me to plug that high school-Mickey-Finn football game, slated Nov. 12, for charity. . . And in typewriting he signed it "GUX" . . . The "X" and the "S" are on different rows, yet.

SEEMS THAT sometimes the Jinx sits down on a certain news item and just stays there. . . Take the case of Archie MacDonald of Sips 'n Bites. . . His spot is open from 7 a.m. to 3 a.m. . . A news story about that has the hours right but an advertisement in the same issue set it down as "7 a.m. to 3 p.m." . . . Then another news item to set the ad right and an ad to set itself right (Just call us Desert do the right thing Sun) appeared. . . This time the ad was right and the story wrong. . . But Archie is open, that is, his cafe is, from 7 a.m. to 3 a.m. (Gosh, what a short night!) . . . And if this comes out "3 p.m." in the wrong place, just address a card to me at Bali Bali and I don't mean the cafe of the same name. . . There are almost as many plugs in this paragraph as there were in the parade yesterday. . . Well, people here like horses.

AND all of them were here—I mean, they were all here.

Memory Lane

(From the files of The Desert Sun of November 1, 1929.)

Beginning next Saturday, Earl Strebe will give a public dance each Saturday evening in the public school building.

As the new Catholic church here assumes form its beauty of architecture and apparent accommodations are in evidence. The building is a credit to the Village. It will be ready for use soon.

Mr. and Mrs. R. B. Cregar have opened their studio at the rim of Palm Canyon.

Miss Janet Gaynor and her mother are guests at the Desert Inn.

Pilgrims from all parts of the world will gather to be enthralled by the re-enactment of Indian traditions a thousand years old with the eerie grandeur and somber solitude of the desert at its setting November 9, 10 and 11. The occasion will be the ninth annual presentation of the Desert Play. Mary Austin's poetic drama, "Fire," based on an old Indian legend will be the vehicle. Improvement of Tahquitz road leading to the play site will be made by county road crews.

Local and transient motorists wishing to visit Palm Canyon will find the road from Palm Springs to the rim of the canyon in top shape.

Mr. and Mrs. Harold Bell and their three children of Seattle arrived in the Village to visit Mrs. Bell's mother, Mrs. C. A. Reid.

Work is progressing on the dirt road from Palm Springs to Indio and legal steps have been taken to secure permission to cross the lands of Mrs. Pearl McManus and Raymond Cree, who have given the right of way so that the road may be straightened from Otis Point to Cree Point.

Miss Gertrude Potter has completed a small bungalow on her property on Indian avenue near the El Mirador.

Donald Geggie is visiting Scoutmaster E. H. Merritt.

Earl Strebe has resumed the presentation of motion pictures at the school auditorium which was so successful last year. The next picture will be "A Man's Man," starring William Haines.

Politics Today

By ETHEL GILLETT WHITEHORN

"So long, boys and girls! And when you arrive home, tell the taxpayers to dig up more cash for me!"

That—figuratively speaking—was Harry S. Truman's farewell to the members of congress on the eve of adjournment last October 19.

"Gimme! Gimme! Gimme!" has been the theme song of the New Deal—now renamed Fair Deal—for almost 18 years. The question is: will the taxpayers of this nation, who have been carrying the burdens of waste and waste, and spend and spend, out-sleep Rip Van Winkle's 20-year siesta, or are they, at long last, so fully alert to the existing perils caused by Mr. Truman's spending spree, that they will call a halt when they talk to their congressmen? Remember it was Lenin, the chief architect of communism who said, "Some day we will force the United States to spend itself into destruction."

RECENTLY PUBLISHED FACTS reveal that Harry S. Truman has spent more of the taxpayers' money in the past four years than all of our American Presidents from George Washington, to and including the late Franklin D. Roosevelt. Statistics show that from 1789 to July 1, 1941—31 presidents, working 152 years, spent a little LESS than \$180,000,000,000, this including the entire cost of the War of 1812, the Mexican, Civil, and Spanish-American wars; the entire cost of World War I, and the alphabetical pump-priming projects of the New Deal. But from July 1, 1945 to July 1, 1949, President Truman's spending programs have cost the American taxpayer a little MORE than \$180,000,000,000.

The fiscal condition of this nation is probably the most unsatisfactory since the beginning of the Republic. We owe a debt of more than a quarter of a trillion dollars. That, in itself, is staggering. But the menace of the situation is that the debt is not being reduced. On the contrary it is being increased every day.

The American people have had just one brief respite in the past 18 years. While President Truman called the 80th Republican congress the second worst congress in the history of our country, the fact remains that it balanced the budget for the first time in 16 years, ended the 1948 fiscal year by cutting almost three billion dollars from the president's budget, and gave to the treasury a surplus of more than eight billion dollars. At the same time, the 80th congress reduced taxes by \$4,800,000,000 and cut the national debt \$7,000,000.

TODAY, EXACTLY ONE YEAR after the defeat of the Republican 80th congress—for no other reason than the failure of millions of citizens to cast their ballots in the 1948 election—the Truman administration has returned to the treasury-busting policies so prevalent during the New Deal.

I read with interest in your newspaper that a food handlers' course has been scheduled for Palm Springs. I hope that in this course there is included one very short lesson in how to avoid giving your patrons dyspepsia.

When I go into a local lunch counter it is because I am in somewhat of a hurry or I would patronize a regular cafe and sit at a table with a cloth and proper linens and all of the comforts of dining out.

In a lunch counter I want to eat, just to eat. I don't want to sit there and wait while the pretty girls back of the counter finish talking about—“and then Myrtle said.”

And while on the subject of eating out, why do a lot of these places advertise “home cooking” as a lure? When we eat it's because we want to get away from home cooking for a change. A. O. G.

NUMBER 3—Increase the pay of our state legislators from \$100 a month to \$300, and limits the legislative sessions to 120 days.

Our legislators are underpaid. This measure not only provides a more adequate salary for the lawmakers but sets up other needed reforms that improve the general conduct of the sessions and tighten up on interim committee work. The amendment is receiving general support throughout the state and a "YES" vote is recommended.

NUMBER 12—Daylight saving time in California from last Sunday in April to last Sunday in September.

Daylight Savings was voted down by the people in 1930 and again in 1940—and the State legislature has turned it down five times. It's up to the people again. It is a matter of personal habit whether a person likes an hour more daylight in the summer. In Palm Springs most of us are glad to see the sun go down on those hot summer afternoons. The railroads and radio stations don't like to change their schedules—and the theaters say it hurts their business. This is a matter which every voter should easily determine for himself—or herself. No recommendation is made.

REMEMBER TO VOTE—that's the most important recommendation of all!

Beautiful Settings

Contemporary Style Home Warm, Livable Dwelling

The home pictured this week was designed in contemporary style, with the utilization of many modern innovations, but yet it does have enough of the conventional about it to make it warm and liveable.

The walls throughout the house are of reinforced precision-made pumice aggregate blocks. The blocks are of different sizes to produce the effect in pattern, mass and shadow by the builder.

The low, sweeping roof lines accentuate the rambling farm house effect created by the designer, and interesting shadow effects are obtained through the various roof levels and through the grill pattern at the entry. The grill effect of the vertical wall of the porte cochere is contiguous to the horizontal grill over the entry.

October Record Shows Increase

October building will rank high in the year's list according to P. M. Swart, city building inspector, as he prepared Saturday to close the books for the month.

Permits taken out during the closing days included a \$6000 dwelling for F. F. Hernandez, 2551 Juniper, a garage for Woodie Logan, 2772 Anza Trail, \$1000, and alterations by Jules Helfend, 343 North Indian for \$550.

Previously during the month several permits for large construction jobs were issued.

Beebe of Beverly Opens Thursday

"Beebe of Beverly" will open for its fourth season in Palm Springs Thursday, November 3, at 152 North Palm Canyon drive. Although in the same location last year, it is a complete new shop, next to the new Bank of America building. For two years the shop was located in Colborn Center.

Owned and operated by Mr. and Mrs. George Beebe of Beverly Hills who for more than seven years have operated a shop of the same name there. Both establishments specialize in domestic and imported linens, linerie and gift items.

"For the first time since before the war, we have a large selection of imported lines from France, China, Germany, Switzerland and Belgium" said Mrs. Beebe.

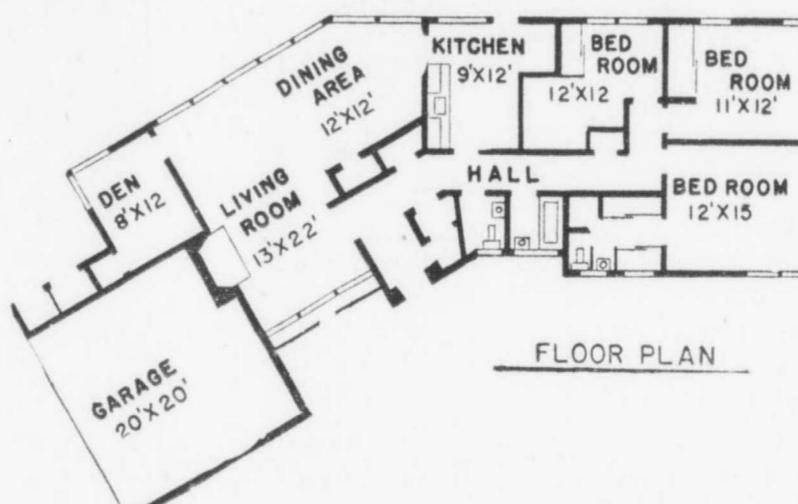

First half of the 1949-50 tax bill is due today.

And after December 5 at 5 p. m. they will become delinquent and penalties will be added.

Marguerite M. Hyde, county tax collector, said all taxes for the year may be paid any time between today and December 5 but for those who pay in two installments, the due date for the second half is January 20 and the delinquency date April 20.

Tax bills on the \$10,729,838 current charge, were mailed out late last week.

This home can be constructed for approximately \$13,000. The almost L shape makes it unusual yet adds to its beauty.

Saddle, Sirloin Opens for Season

Dave Lyons' Saddle and Sirloin is open again.

The popular cafe and lounge on North Palm Canyon turned on the lights last week with the same crew and the same good

food and service.

Lyons has been in Bakersfield and North Hollywood for the summer looking after his cafe business there.

For a while the Saddle and Sirloin will concentrate just on food and service but Lyons said he had several high class entertainment acts in mind for later on in the season.

Always popular with Villagers and visitors, Saddle and Sirloin was well patronized from the start.

Citizens Bus Line Service Extended

As far as the Citizen's Bus line is concerned—the season is on.

The schedule of the hourly cruises up and down Palm Canyon drive has been stretched out to meet the demand.

First bus now leaves the north end of town at 7 a. m. and the south end at 7:30 a. m.

Final bus at night leaves the north end at 9 p. m. and the south end at 10 p. m.

North end of the trip is Racquet club road and south end, Casitas del Monte hotel.

Hallowe'en
Opening for
Smoke Tree

Smoke Tree Ranch was a lively spot Saturday night with hobgoblins, spooks and a few toves, gathered to assist Jacques and Marjorie Crommelin entertain colonists and ranch guests at a Hallowe'en dinner.

The party was Smoke Tree's official opening and welcomed back to the fold Mr. and Mrs. Melville Burns, Mr. and Mrs. C. W. Stimson, Mr. and Mrs. William Dean (he is president of the Desert Museum) and Mrs. Madeline Manchester (Mrs. Don) who underwent surgery Friday morning at the Good Samaritan Hospital — Wilson Gibbs, who had his bout with the boys in white several weeks ago (and we DON'T mean psychiatrists) is back in the Village and will take up his stand at El Paseo Pharmacy — Frank A. Schelling is still in Long Beach recovering from a heart attack — Mrs. Schelling opening the house here getting ready for his return.

Working their way off the sick list this week are vivacious Madeline Manchester (Mrs. Don) who underwent surgery Friday morning at the Good Samaritan Hospital — Wilson Gibbs, who had his bout with the boys in white several weeks ago (and we DON'T mean psychiatrists) is back in the Village and will take up his stand at El Paseo Pharmacy — Frank A. Schelling is still in Long Beach recovering from a heart attack — Mrs. Schelling opening the house here getting ready for his return.

During festivities Host Crommelin read a telegram from Singer John Charles Thomas and wife Dorothy, who couldn't make the party, being in the wilds of Maryand, but allowed they would be along in March.

Following dinner guests played Hallowe'en games, square danced and had themselves a good time.

Former Villagers
Go Western Here

Village visitors over the weekend for Western Week were two former residents and active as officers of the Palm Springs Business Women's club, Vivian Schwarting and Betty Verge.

Miss Schwarting is at present living in Long Beach and Miss Verge is in Los Angeles working in a laboratory for a chest surgeon of that city.

Arriving from Pittsburgh for the season on Saturday, were Mr. and Mrs. Alfred M. Oppenheimer, he one of the steel city's steelmasters. They have leased the Frederick Watson house for their fifth consecutive season. So impressed was Mr. Watson with such fidelity that he invited them for dinner and cocktails upon their arrival.

Twila King Takes
Knee to Specialist

Twila King, the ever-popular and vivacious manager of Canyon View apartments, was off to Los Angeles last week to take her knee to a specialist to see what could be done about it.

She has suffered both pain and mental strain concerning it, following an accident last season.

During her four-day trip she visited many friends and had a good time in spite of her knee.

Survivors of Western Week said the four days of gun fire and western kidding were the best ever—all Los Compadres can now relax and go back to their desert trails and square dancing.

Working their way off the sick list this week are vivacious Madeline Manchester (Mrs. Don) who underwent surgery Friday morning at the Good Samaritan Hospital — Wilson Gibbs, who had his bout with the boys in white several weeks ago (and we DON'T mean psychiatrists) is back in the Village and will take up his stand at El Paseo Pharmacy — Frank A. Schelling is still in Long Beach recovering from a heart attack — Mrs. Schelling opening the house here getting ready for his return.

Which reminds us of an old-timer, F. V. (Pop) Shannon, second mayor of Palm Springs and now a resident of Banning Heights. Mr. Shannon was around and about Wednesday with his bride of last spring, the former Lila O'Kelley. She must give out with some very fine vittles because Frank has gained 18 pounds since his surprise wedding at Phoenix last June.

Another early days resident, Helen Shultz, who lives in the cobble stone house on Arenas road, celebrated her birthday October 30 with a dinner party at the Lone Palm. Commenting on the auspicious occasion, her husband, Alonzo P. Shultz, remarked that she was a prize the Hallowe'en witches left on his doorstep 50 years ago—they celebrated their fiftieth wedding anniversary this spring. Just as we are saying last week, Palm Springs marriages have stamina and staying power. Their grandson, Paul Mashburn, a graduate of P. S. High and now majoring in art at UCLA, was down for the birthday.

Home from USC over the weekend was Stuart Clarke, son of Mr. and Mrs. George Clarke, with a group of fellow students who stayed at the family manse.

After the football game clavates have become a new and popular social operation this season, giving the fans their chance for a play-by-play recap of the game. Coffee and cake after the game were served last week by Dr. and Mrs. Clyde Harner with the scene shifting Friday night to the hacienda of Dr. and Mrs. William Elliot. Those gathering for cake and coffee included Dr. and Mrs. Harner, Dr. and Mrs. James B. Oliver, Mr. and Mrs. Roger Williams, Dr. and Mrs. Hugh Stephens and Mr. and Mrs. William A. Mason.

Shirley (the Examiner's Babette) Hull and Paul Wilder were houseguests over the weekend of Dr. and Mrs. Robert C. Morrey at their hacienda on Vereda del Sur; a supper party and bridge taking the place of Palm Springs' customary jumping around of a Saturday night, due to the fact that Mrs. Morrey is giving her ALL to gardening during the month of October and allows she has no energy left for the
